

OPEN CALL FOR ARTIST

Island County Emergency Services (ICOM 9-1-1) is searching for an Artist for our
"Honoring Our Everyday Heroes" Mural Project

ICOM 9-1-1

Island County Emergency Services known as ICOM 9-1-1 has proudly served Island County for the last 25 years. ICOM serves the community and agencies within Camano & Whidbey Island. 9-1-1 Dispatchers are compassionate, committed, and full of integrity. Dispatchers work long hours, nights, weekends and often on holidays. We would like to honor the impact they make in our lives every day by updating the halls of their work environment. The area is the same as it was when ICOM become operational in 1997 - cloudy and gray.

REQUIREMENTS

Submit your proposal by 9/6/2022 at 6 pm via email preferably in pdf format to Sofia@icom911.org. ICOM will select by 9/7/2022. If possible, we would like the work to be unveiled during the 25th Anniversary Celebration on 9/26/2022.

Open to Artist creativity for a mural for one wall space utilizing the theme *"Honoring our Everyday Heroes and Their Superpowers."*

Additional wall space is reserved for another specific element - *"A Tree of Life"* which is symbolical as the 911 Dispatcher Tree of Life and is "nurtured" through the submission of stories about Dispatchers who have made a difference, each represented by a new leaf that will be added on after the tree has been painted on the wall.

Final, wall space available for a motivational & inspiring theme base.

Please list any additional items that the artist may need.

This project would be volunteer and benefit the Artist by adding or building to their list of projects for their resume.

Any questions please email the Executive Director at Sofia@icom911.org.
